

Southwell Service & Modernisation

Southwell Engineering doesn't just engineer market-leading lifts and hoists. Our experienced team of technicians can make tired and broken-down hoists work better than they did brand new. We can also add new functionality more cost-effectively than installing a replacement.

- ✓ Southwell's expert technicians will bring back 'as new' functionality to your lift
- ✓ Upgrade from goods-only to goods plus personnel and disabled access to meet the latest codes NCC/BCA, WHS Standards at a fraction of the cost of a new hoist
- ✓ Enhance your lift communication system to GSM standard for better workplace safety
- ✓ Switch out manual doors to an electric roller door for efficiency and ease of use
- ✓ Quick turnarounds for reduced downtime
- ✓ Guaranteed and maintained by Southwell Lifts and Hoists with 100% parts backup
- ✓ Fully Compliant with AS 1418 Parts 1 & 8, AS 5246 Part 1, Classification A6, and all WHS regulations

After

Southwell Engineering

Southwell is a proud, family owned company. Since 1945 we've been engineering and manufacturing high-quality hoists and scissor lift products at Camden, New South Wales, delivering and installing them around Australia, New Zealand and the world. We design registered one of the original Australian hoist designs and we've continued to innovate with creations like our Car Lift with Integrated Turntable, adding neatly to our standard range of Car Lifts and Goods Hoists.
