- ✓ Installed and maintained by Southwell Engineering with 100% parts backup
- ✓ Fully Compliant with AS 1418 Parts 1 & 8, AS 5246 Part 1, Classification A6, and all WHS regulations

Southwell Engineering

Southwell is a proud, family owned company. Since 1945 we've been engineering and manufacturing high-quality hoists and scissor lift products at Camden, New South Wales, delivering and installing them around Australia, New Zealand and the world. We design registered one of the original Australian hoist designs and we've continued to innovate with creations like our Car Lift with Integrated Turntable, adding neatly to our standard range of Car Lifts and Goods Hoists.
